NUMBER 125.

## INTO BARREN SEAS.

Coxey and His Army Still Sailing on the Canal.

### ONLY A TWENTY MILE RUN.

Hancock Authorities Give Them a Very Cool Reception—Nothing but Crackers and Cheese Furnished Them in the Line of Provisions—Manifesto Issued From a Pittsburg Labor Organization.

HANCOCK, Md., April 19.—Coxey's navy sailed into barren seas when it reached Hancock yesterday. A run of 20 miles was made between breakfast and sunset, the flotilla drawing up under the Hancock bridge for a late supper at dusk, but the supper had to come out of the commissary wagons. The town authorities refused to vote either money or provisions to the army, so that crackers and cheese were the best they could get out of their own resources.

But a greater reverse than this greeted the leaders. The unknown Smith, who had promised to go ahead and pave the way for the army, had done so with a vengeance. He, the veiled lady, and "Cheek" Childs, a young man who had been the army's advance agent from Massillon, had come to town the previous day and holding a public meeting, had raised a sum of money, how much could not be learned, on the strength of credentials from Coxey.

Brown and Coxey at once published an open letter to Mayor Charles Hubert denouncing the men as impostors and asking their arrest for obtaining money under false pretenses. But the three fakirs had flown for Williamsport, the next stopping place of the army, and messages were sent ahead asking their detention. The Coxey men practically took possession of Hancock after dark. There being no stipulation as in Cumberland, to hold them outside of the town, they swarmed up from the wharf and filled the saloons on the main street.

### K. OF L. MANIFESTO.

A Pittsburg Labor Organization Sends Out an Important Circular.

PITTSBURG, April 19.—District Assembly No. 3 of Knights of Labor, one of the largest district assemblies in the order, with a membership of 17,000, at their quarterly meeting yesterday adopted the following manifesto, which will be sent to every district assembly in the United States, and by them sent to their respective congressmen:

"The senate and house are ever prompt to concede demands of money from traders of Europe and America for relief, but when the industrials, who made this country what it is today, present petitions signed by thousands of their class, they are thrown in the waste basket. Citizens of the United States have the right to assemble peaceably and present petitions and are entitled to be heard.

"Mr. Coxey and his followers present the 'John Brown' movement without arms, to liberate wage slaves. Don't refuse to hear and consider their demands. Don't arrest too many of them, as nine out of 10 of the industrials of the country are in sympathy with Mr. Coxey's object. Neither would it be safe. Small uprisings are called riots, large uprisings are called revolutions, and if successful, the instigators are called patriots."

### Outwitted.

DENVER, April 19.—The local Coxey army were outwitted last night. They moved in 10 miles on the Missouri tracks to the station, intending to hold up a train, but the railroads had called on the county for assistance and 20 deputies were sent to Barr.

### SEQUEL TO A MURDER.

Suspected Party Blows His Brains Out After Being Accused of a Crime.

POMEROY, O., April 19.—This city has been shaken by a succession of sensational shocks which terminated at 3 o'clock yesterday afternoon in a dramatic tragedy. On the night of March 31 Mrs. Elizabeth Stangler, a widow, aged 63 years, was shot to death on the porch of Clayton Staple, a tenant of hers. Three bullets entered her head, producing instant death. Staple and his wife were away from home and returned at midnight.

He claimed that when they reached home he fell over her dead body and got his clothes covered with blood. He was suspected from the beginning and officers had secured evidence sufficient to convict, and were about to make the arrest when he was accosted by an alleged spiritual medium while spading in his garden. She proceeded to accuse him of the crime and gave him details of how the deed was done. He turned deadly pale, walked into the house and blew out his brains with a shotgun.

### Another Stringent Order.

COLUMBUS, O., April 19.—President McBride of the United Mine Workers of America rules that in the coming strike on the 21st inst., "coal must not be loaded at any price or for any purpose, but when companies want engines run, water-handled, timbering or other kind of repair work done, it will be permitted, providing wages are as according to scale demanded by the convention."

### Probably Bloodshed.

ST. PAUL, April 19.—A Glasgow (Mont.) special to the Pioneer Press says: There was a shocking affair last night between strikers, watchmen and men trying to steal merchandise from cars. One of the robbers was painfully wounded. A force of scabs is reported en route here to take the strikers' places. If they attempt to work there will probably be bloodshed.

### FIRE IN A HOTEL.

Panic Created Among the Guests and Several of Them Injured.

BANGOR, Me., April 19.—Fire started in the Merchants' hotel yesterday morning. The flames went up through the four stories to the roof very quickly. The guests were panic-stricken, and many jumped from the windows and were injured. No lives were lost, and it is remarkable that those injured were not more seriously hurt.

F. W. Savage, a commercial traveler jumped from a third story window, and was badly injured about the back.

Kate Lawless jumped from a second story window, and sprained an arm. Theresea Traverse, employed at the hotel, also jumped from the second story, but was caught in the arms of firemen and escaped with slight bruises.

P. H. Kane, a stone cutter, dropped upon the roof of a shed and thence to the ground. His hands and face were cut, and he was burned about the face and hands.

G. F. Kane jumped from the second story. His arm was strained and he complained of a nausea.

George McCarthy jumped from the second story but was uninjured.

Joseph Moran, a book canvasser, jumped from a first story window at the front of the building and broke an ankle.

H. J. Burns, a collector, occupied the same room that Moran did, and jumped from the same window. His back is badly injured.

Sarah Stevens was brought down from a third story window on a ladder.

Policeman Fahey rescued Mrs. Burns, who was about to fall out of a window in an upper story. He dragged her in and, creeping on hands and knees through the dense smoke, dragged her to a safe exit from the building.

### AGREED TO DIE TOGETHER.

John Benkert Kills His Wife and Mortally Wounds Himself.

BALTIMORE, April 19.—John Benkert and wife, an aged couple residing at Rosedale, Baltimore county, agreed to die together. With a keen-edged razor he severed the arteries of her wrists and she then took the weapon and performed a like deed for him. The wife is dead and the husband's life hangs by a thread.

The couple had had trouble with some neighbors, and a warrant was out for their arrest. When a policeman went to the house to serve the warrant he found Benkert lying on the bed apparently dead, while his wife, wearing only one garment, crouched by the bedside with her head in the covers, one knee on the floor and one arm resting on a chair. She was dead.

He said: "I cut my wife's wrist so that she died. She cut mine first. I would rather be dead than be called a thief, and when my wife found I was going to kill myself she wanted to die too. We arranged that she should kill me and I should kill her."

A note was found on a table written in German and signed by Benkert. A literal translation follows: "I am an old man; therefore, I think I can not work any more, so I will say goodbye to earth. But my dear wife also does not wish to live without me."

### MYSTERY SOLVED.

Sensational Confession After Being Arrested For Murder.

NEW YORK, April 19.—The mystery surrounding the murder of August Loeffler, night watchman in a candy factory, who was found dead in the factory yesterday morning, has been solved by the arrest and confession of Charles Miller, a young man recently discharged from the factory. Upon Miller's person were found some of the coins identified as having been stolen from the cash drawer in the factory.

Miller's story is that Loeffler detected him in the act of robbing the cash drawer, and they had a fight, and he struck Loeffler several times on the head with a club. In the struggle Miller's handkerchief fell from his neck, and he stooped down and placed it over the dead man's face and then went home. The autopsy showed the face cut in half a dozen places, the frontal bone broken, the base of the skull fractured and nine ribs broken into splinters. A blood-stained hammer was found near by, and is supposed to have been the weapon used by the murderer.

### INDIANA MINERS.

A Meeting to Be Held at Each Shaft to Discuss the Strike Situation.

BRAZIL, Ind., April 19.—The block coal miners of this county met here yesterday to determine the advisability of joining the general strike which takes place Saturday. The meeting was presided over by Secretary J. L. Kennedy of the United Mine Workers' association.

Mr. Kennedy addressed the meeting and insisted upon the men joining the strike, thus revoking their contract with the operators, which expires May 1. The miners are disinclined to do this and no definite action was taken. The meeting adjourned until Friday, when a general meeting will be held for rendering a final decision. In the meantime a meeting will be held at each shaft to secure the sentiments of the men.

Prominent miners say that the men will undoubtedly stand by their contract until it expires, then unless matters are settled throughout the country, they will join the strikers.

### Wrecked by a Storm.

STREATOR, Ill., April 19.—A violent wind and rainstorm visited this city yesterday afternoon. Trees were blown down, several small buildings wrecked and plateglass fronts in the business part of the city demolished. A large frame school building, which was being moved to make room for a new brick structure, was wrecked.

## A DIFFERENT OPINION.

It Causes a Conflict of Serious Dimensions.

### BLOODY RIOT IN DETROIT.

Two Polish Laborers Dead and a Number Seriously Injured, While the Sheriff of the Place Is Now Lying in a Precarious Condition From the Result of a Labor Conflict.

DETROIT, April 19.—Wayne county's sheriff lies in a precarious condition, his body lacerated by the snovels of enraged rioters. Two Polish laborers are dead and the number injured is not yet definitely known.

These unfortunate conditions are the result of a conflict which occurred at noon yesterday between some 400 Poles and Sheriff Collins and five of his deputies. The riot was brought about by differences of opinion over the wages to be paid laborers by the city water commissioners for digging trenches for pipe laying in Grosse Pointe township, just east of the city limits.

The commissioners decided to pay by the cubic yard, but for the past day or two, 300 Poles had hung about the vicinity, declaring they would neither work themselves nor allow others to, unless paid \$1.50 per day. No actual outbreak was anticipated, but as a precaution, Sheriff Collins and five deputies went to the scene to protect those who wished to work.

Work progressed on a small scale during the morning, but Engineer Williams, becoming alarmed at the aspect of things, consulted some of the commissioners shortly before noon and was instructed to quit work for the time being. Before he returned, however, rioting began. Sheriff Collins and Deputy Steyskal, after telephoning for reinforcements, began to address the mob to pacify them. One of the Poles began an opposition harangue.

The crowd thereupon started to annihilate the officers and the handful of laborers at work. At the advance the officers drew revolvers and fired over the strikers' heads, but the mob came on, and the next volley was discharged into the crowd. Then the officers retreated, firing as they went. Still the mob followed; one man dealing the sheriff a vicious blow on the head with his shovel.

The other officers, the workers and an Evening News reporter escaped, all being more or less pounded with shovels, but the helpless sheriff was brutally attacked.

The mob then scattered, leaving the sheriff unconscious on the field.

The injured are: Sheriff Collins.

Deputy Steyskal, cut and bruised.

Michael Kanofski, shot; will probably die.

Unknown Pole, shot in thigh.

Tony Gerkewiak, shot in breast.

Quadrupaki, shot in breast.

Detective W. H. Burch, ribs broken.

Joe Jabowski, bullet wound in breast.

John R. Fisher, an Evening News reporter, was badly bruised.

There are probably several other Poles injured.

Sheriff Collins regained consciousness shortly after 2 o'clock. He had a bad gash on the head, several painful cuts and bruises about the body and almost bled to death from a lacerated leg. His physician reported that he would probably pull through.

During the afternoon some 20 Poles were arrested, which intensified the bitterness and the situation is being vindictively discussed by crowds of Poles in various parts of the city. It is rumored that they will attack the jail, but this is not believed. Extra officers are on duty to preserve the peace whatever may occur. Many more arrests are expected, but it is difficult to identify the leaders in the riot.

The water commissioners will probably not recede from their position, but work will proceed, if at all, under a strong guard.

Another shooting affair took place later in the evening in the rear of the municipal court building. A group of Poles had congregated and Deputy Sheriff Borneman recognized one of them as one of the rioters. He started to arrest him, when some one in the crowd fired a revolver, hitting the Pole in the leg. At the hospital he gave the name of Tony Pabowski. Borneman could not learn who fired the shot.

### Miners Did Not Meet.

SCOTTDALE, Pa., April 19.—The delegate convention of miners called to meet here yesterday did not materialize. President Barrett and four delegates from the south end of the district were all that put in an appearance. There was no meeting held and Barrett will remain at the head of the organization for the present. The strike is practically over, the operators having nearly all agreed to pay the Frick scale price.

### Homestead Riots Recalled.

PITTSBURG, April 19.—The Homestead riots were recalled yesterday by a test case in the county courts. The case is that of Anna M. Hebron against the Carnegie Steel company, in which she claims \$25,000 damages for the death of her husband, Learn B. Hebron, by poison at the Homestead steel works, Nov. 11, 1892. A number of similar suits are depending upon the result in this case.

### Only One Passenger Injured.

TOLEDO, April 19.—The eastbound limited on the Baltimore and Ohio ran into a lumber train on a siding at Hamler, east of here, yesterday afternoon. The sides of the mail and smoking cars were ripped off. Miraculously the only passenger injured was Blaze Wilson of Lima, whose left eye was knocked out.

### CALIFORNIA WEATHER.

A Little Dry in Some Sections, but the Fruit Outlook Is Good.

SAN FRANCISCO, April 19.—A bulletin issued by the state weather bureau shows that for the week ending April 16, the average temperature was 2 degrees above normal in the Sacramento valley, with high and dry northerly winds. These conditions were unfavorable to crops. Pasture is getting very scarce and very short and is drying up rapidly in the foothills, as well as in the valleys. The Sacramento valley is not suffering so intensely for want of rain as are the central and southern portions of the state. If an inch of rain falls within the next 10 days it will be very beneficial to any portion of the state.

The fruit prospects are reported good everywhere and a large yield of apricots is anticipated, while short crops of grain and hay are all everywhere reported as being in good condition. In some portions of the San Joaquin valley grain has not suffered much from want of rain, but in the majority of wheat growing counties, dry winds have ruined the wheat crop to a large extent. In some counties stock is suffering for want of pasture.

### PROTECTING THE SEALS.

The Behring Sea Bill Robbed of Its Most Obnoxious Feature.

WASHINGTON, April 19.—The modifications which have been made in the British Behring sea bill have robbed that measure of the features which were most obnoxious to our government and it is believed here that if the act is thoroughly administered there will be little opportunity for pelagic sealing in the closed season.

As it now stands the results of the Paris arbitration having been published in the British Columbian newspapers last fall, it would be a difficult task for the owners and masters of any sealing craft to convince an impartial court that they were not "aware" of the provisions of the award and unless they could establish such ignorance their vessels and cargoes are no longer free from forfeiture.

The opportunists to plead ignorance are expected to be very few, as it is reported that the customers at Victoria notified all of the sealers clearing from port since the beginning of the year of the provisions of the award and warned their masters of the dangers of seizures.

### SCHOOLS IN ALASKA.

Uncle Sam Is Doing a Great Deal for the Benefit of the Natives.

WASHINGTON, April 19.—Dr. Sheldon Jackson, general agent of education for Alaska, is en route for San Francisco, where arrangements for supplies for the Alaskan schools will be made. He will leave Seattle on the last of the month on the revenue cutter Bear, on which the annual cruises of the general agent along the Alaskan coast are made. The trip will extend to the latter part of October and a dozen schools will be inspected. Among them is the school at Point Barrow, the extreme northwest point of Alaska.

The distribution of reindeer from the central herd at the Port Clarence reindeer station to three new stations, located at Cape Prince of Wales, Golovin bay and St. Lawrence island will form part of the work of the summer. An agent is now in Lapland securing trained herders for service at the Port Clarence station and other points in the vicinity. Already five families of Laplanders have been engaged.

### Whisky Dealers Assail.

LOUISVILLE, April 19.—W. H. Thomas & Son, the well known whisky dealers and distillers, made an assignment yesterday to the Louisville Trust company. Liabilities between \$500,000 and \$600,000, all of which is secured by the pledges of whisky or stock. Assets not stated. The assignment has been expected for some time, as the firm have been in hard financial lines for over a year. Some time ago they were forced to suspend payment, but were granted a six-months' extension by their creditors. It is said that the firm held a great deal of Ripy's paper, the Lawrenceburg distillery and also some of Sutton's.

### Put an End to Divorce Proceedings.

OSKALOOSA, Ia., April 19.—George Croft, keeper of a billiard saloon, fatally shot his wife Etta yesterday afternoon and then fired a bullet through his own head, dying instantly. Croft had been leading a hard life and his wife had applied for a divorce. They were at the courthouse arranging some matters, when he followed her downstairs and opened fire. The woman is fatally wounded in the abdomen. She ran away from home to marry Croft in 1887.

### Devoured by Bears.

SALT LAKE CITY, April 19.—The Tribune has received a letter from Wyoming saying that four dead bears have been found in Brown's valley, near Green river. Nearby was found papers and part of clothing of a man, but no body. From papers found the name of the man is supposed to be Farquharson. He is supposed to have encountered a den of bears and was devoured after a desperate struggle.

### Hanged His Children and Himself.

GLENVILLE, W. Va., April 19.—Lloyd Rodabaugh, a prosperous farmer living on Yellow Creek, Calhoun county, hanged his two children, aged 3 and 5 years respectively, and then took his own life. His wife was absent during the day and on her return found the bodies hanging from the rafters of the house.

### Young Men Arrested For Burglary.

UPPER SANDUSKY, O., April 19.—Six young men of Carey, under 20, were lodged in jail here yesterday afternoon for burglary to which all plead guilty and were bound over to court in \$300 bail. None of them gave bail. They all come from good families.

## OUR NAVAL STRENGTH

How It Compares With Other Great Powers.

### REPORT MADE TO CONGRESS.

It Is Urged That There Must Be No Halt in Building Up Our Navy if We Want to Be Equal to Other Countries—Liberal Appropriations Asked For More War Vessels.

WASHINGTON, April 19.—The present and prospective naval strength of the United States in comparison with that of foreign powers is set forth in the report of the house committee on naval affairs just presented to congress by Chairman Cummings. The report states that the committee have reluctantly concluded not to recommend the construction of a new battleship, because of the depleted condition of the treasury. It is urged, however, that there must be no halt in building up the new navy. England proposes, says the report, to begin seven battleships of the first class, six cruisers of the second class and two sloops. Italy, with a depleted treasury, is preparing to build three first class battleships, three cruisers, 12 torpedo boats and four transports.

Germany, France and Russia are going to even greater lengths to secure the increase of their navies. The report said: "In view of these facts, it certainly would not be safe for the United States to build no more battleships and cruisers. With increasing prosperity the work should go on until the American navy is strong enough to stand all exigencies. The slight increase proposed by the committee will certainly not burden the country with tax on during the coming year, and with renewed prosperity the work can be continued in the future without overburdening the nation. The total loss of the Kearsarge leaves the Hartford, Admiral Farragut's flagship, the only vessel in the navy aside from the frigate Constitution around which historic memories cluster."

The committee in accordance with the wishes of the navy department have recommended liberal appropriations for her preservation and improvement, believing that public sentiment demands it. The committee have put into the bill a clause providing for the naturalization of alien sailors and marines on United States vessels who have served five consecutive years and have been granted honorable discharges. The secretary recommended some provision for the naturalization of aliens enlisted in the navy. Similar provisions for the naturalization of our merchant seamen and of enlisted men serving in the army already have become laws.

The report of the judge advocate general of the navy calls attention to the fact that aliens who have served 20 years in the United States navy have had no opportunity to become citizens of the United States. In reporting this provision the committee expresses the opinion that some steps should be taken toward encouraging the enlistment of American sailors. There are several bills before the committee which have this object in view, and which it is hoped may become laws.

In accordance with the suggestion of the secretary of the navy the committee recommends that he be authorized to use "for the construction of one additional cruiser of the Vesuvius type," the \$450,000 appropriated by the act of March 2, 1889, for the construction of three torpedo boats to cost altogether not more than \$450,000. By the act of March 3, 1893, \$200,000 was appropriated for building a submarine boat. The committee recommends that the secretary be authorized to use this \$200,000 for the construction of a torpedo boat.

The committee further recommends that authority be given to the secretary to transform the United States steamer Vesuvius into a torpedo cruiser, if in his opinion, such transformation will add to the efficiency of the vessel for naval purposes.

This will give a total of four new torpedo boats, and if the Vesuvius is changed, five.

The report summarizes the items of appropriations for the new navy. The total is \$25,280,906, which is an advance on last year, but a considerable decrease from the estimates of this year. The main item of decrease is \$1,000,000 for armor plate, which is \$2,500,000 less than the estimate.

### Congressional Contest.

DALLAS, April 19.—A private letter to The Times Herald from Galveston contains this statement: N. W. Cuney, the negro ex-collector of customs at Galveston, proposes to contest the field with Walter Gresham for congress next fall from this district. Mr. Cuney has received substantial aid from the Republican national committee, who greatly desire to make an inroad into the solid Texas delegation. This district has been Democratic since Thomas P. Ochiltree carried it for the Republicans. It is believed that Cuney has a better chance to carry the district than Ochiltree had.

### Asking For Headquarters.

WASHINGTON, April 19.—Four local sympathizers with the Coxey movement called upon the president yesterday afternoon to request that the Washington barracks be thrown open for the accommodation of the commonwealth army during its stay in the city. There are accommodations for several thousand men at present are the soldiers of the Fourth artillery which is stationed here.

### Senatorial Appointment.

ASHEVILLE, N. C., April 19.—It is understood that ex-Governor Thomas J. Jarvis will be formally offered the senatorial appointment. His acceptance is doubtful.

*Local showers; winds shifting to south west; slightly cooler.*

The shoe industry of this country suffered less in the late panic than any other industry, and the Portsmouth Times says: "It was because it had free raw material, thus enabling it to send its surplus into foreign markets."

"Running on full time" is the word that comes from a great many large manufacturing establishments throughout the country. Business recuperation is manifesting itself in nearly all the leading industries, is the opinion of the Hunterdon (N. J.) Democrat.

The new rule adopted by the House of Representatives for counting a quorum is an excellent regulation. It is just and fair in its provisions, and, instead of making an autocrat of the Speaker and giving him absolute power to do the counting, requires him to name a representative of the two parties to do the counting. What could be more just? How different from "Czar" Reed's rule!

## WHO ARE RESPONSIBLE?

In a recent speech at Boston Comptroller Eckels placed the responsibility for the present financial depression on the McKinley law and the Sherman silver law and continuing, said:

The late administration found a treasury full to overflowing; they left it almost barren. They found gold coming into the country; they act sent it out. They found business confidence complete; they left it shaken and uncertain. In fine, that administration, and not the present one, must stand sponsor for the record of disasters of the year closed.

Mr. Eckels then concluded this speech with the following sound advice:

If there be those who have lost heart because of the reverses of the past months, let them remember that no great reform has ever yet been freed of strenuous opposition and willful misrepresentation; no favored class has ever yielded the bounties and immunities granted without a struggle, and none ever will. Seeming darkness may crowd upon us and the cause we represent, but so long as the Democracy shall have the wisdom, the courage and the honesty "to ask for nothing which is not clearly right, and yield to nothing which is wrong," it can not forfeit confidence of the American people.

## FLYING ON THE RAIL.

**Vanderbilt's Special Train Did Some Fast Running East of Cleveland This Week.**

CLEVELAND, April 17.—There were signs of unusual commotion about the Union depot last evening. The Lake Shore tracks were kept clear of all cars, and local trains on both the Eastern and Western divisions were detained in expectation of some apparently unusual event. Suddenly there was a roar and a jar, and the Vanderbilt special flyer from the West rolled into the station. On board were Cornelius Vanderbilt, Chauncey M. Depew and President John Newell. The run eastward to Erie, a distance of 95½ miles from Cleveland, was made in 95 minutes, including a four-minute stop at Ashtabula for water, making the total running time for the 95 miles 91 minutes. From Collinwood Yards, an 88-mile run was made in 82 minutes, including another four-minute stop. From Collinwood to Saybrook, a distance of 42 miles, was made in 36 minutes, or a rate of 70 miles an hour. The run from Kingsville to Dock Junction, 33 miles, was made in 28 minutes, or a rate of 70.7 miles per hour, the fastest time ever made on this division of the road.

## Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale at J. James Wood's.

## TWO-DOLLAR WHEAT.

**A Prediction That the Price Will Advance to That Figure in Next Eighteen Months.**

President Van Horne of the Canadian Pacific Railway, in the course of an interview at Toronto this week on the present condition of the wheat crop, said that the price of wheat will go to \$2 per bushel within the next eighteen months. Mr. Van Horne, after estimating the world's total annual product at between twenty-six and twenty-seven hundred million bushels, says:

"Last year farmers received but little more than the cost of production for their wheat, while in many instances their return per bushel was smaller than the expenditure. This can only have one effect—the discouragement of wheat producers and the consequent decrease of acreage. If there is a decrease of 10 per cent. in wheat production this year on account of the low price of last year, there will be a shortage of two hundred and seventy million bushels, and 10 per cent. of a decrease is well within the mark.

"As far as I can remember, there has never been a surplus of 150,000,000 bushels. This year the surplus has been used up by feeding to stock, and we will probably start in with a nearly clean sheet as ever before. If there is a shortage of but 150,000,000 bushels, this will not be discovered until too late to sow more wheat, and wheat will go up with a jump."

## Greatly Reduced Rates.

For the following occasions the C. and O. will sell round trip tickets at greatly reduced rates: General Assembly Presbyterian Church, Nashville, Tenn., May 17th; Quadrennial General Conference, M. E. Church, South, Memphis, Tenn., May 3rd to 31st; Encampment G. A. R., Department of Ohio, Canton, May 15th, 16th and 17th; Grand Council Royal Arcanum of Ohio, Cincinnati, April 25th and 26th; all points in Texas and Arkansas May 8th; Boston, Mass., by sea, via Old Point Comfort, eleven-day tour, July 11th; Georgian Bay tour, via Cleveland, Detroit, Niagara Falls, Toronto and Mackinac Islands, July 5th. For rates and dates of sale see ticket agent.

## See the World's Fair For Fifteen Cts.

Upon receipt of your address and fifteen cents in postage stamps, we will mail you prepaid our Souvenir Portfolio of the World's Columbian Exposition. The regular price is fifty cents, but as we want you to have one, we make the price nominal. You will find it a work of art and a thing to be prized. It contains full page views of the great buildings, with descriptions of same, and is executed in highest style of art. If not satisfied with it, after you get it, we will refund the stamps and let you keep the book. Address, H. E. Bucklen & Co., Chicago, Ill.

## A Card.

We wish to correct an impression gotten out that we have discontinued the buggy business. We have not, nor do we intend to. We carry in stock a full line of first-class vehicles of all kinds. And those who intend purchasing, we courteously invite to call and examine our stock before placing their orders, as we are confident that we can please all. We guarantee prices and quality.

Respectfully,  
 THOMPSON & MCATEE.

## Best Offer Our Citizens Have Had For a Long Time.

Messrs. Jno. T. Martin & Co. have bought a large number of tickets on the guessing contest at Zanesville, Ohio, where six thousand and thirty dollars will be distributed among the lucky guessers July 1st. They give a ticket with every cash dollar spent with them. Their reputation for selling goods better and cheaper than other first class houses needs no comment.

## Base Ball.

All lovers of this popular sport are cordially invited out to see the game which will take place this afternoon in the bottom near the "Old Gold" mills between the best talent that old Maysville affords. Game called at 3 p. m., standard time. Turn out everybody. Ladies especially invited. No cost attached.

The Maysville club has several engagements ahead which will be played at the fair grounds.

## River News.

The new City of Louisville ran from Cincinnati to Louisville one night this week in six hours and forty-four minutes. The distance is 150 miles and she averaged 22½ miles an hour. She was heavily loaded, and no stops were made. The run is the fastest ever made on any western river.

## Falling at this point.

## Wages Increased.

JOILET, ILL., April 17.—The Lambert & Bishop Wire Mill, a branch of the Consolidated Steel Wire Company, has issued notice increasing the wages of the wire-drawers 10 per cent. The Illinois Steel Mill will start up a blast furnace that has been shut down for the past year.

## The Old Friend

And the best friend that never fails you is Simmons Liver Regulator, (the Red Z)—that's what you hear at the mention of this excellent Liver medicine, and people should not be persuaded that anything else will do.

It is the King of Liver Medicines; is better than pills, and takes the place of Quinine and Calomel. It acts directly on the Liver, Kidney and Bowels and gives new life to the whole system. This is the medicine you want. Sold by all Druggists in Liquid, or in Powder to be taken dry or made into a tea.

Has the Z Stamp in red on wrapper  
 J. H. ZEILIN & CO., Philadelphia, Pa.

## PERSONAL.

Rev. Frank Kehoe spent Tuesday at Lexington.

Mrs. Dr. M. H. Davis, of Mayslick, is a guest of Mrs. L. W. Galbraith.

Miss Mollie Boyd, of Minerva, is visiting her sister, Mrs. J. O. Pickrell.

Miss Dottie Peed, of Millersburg, has returned home after a visit to the family of Mr. J. D. Peed.

Mrs. Julia S. Chenoweth, of St. Paul, is here on a visit and will spend the summer in Maysville.

Mr. T. F. Ellis, of Washington City, is visiting relatives at his old home, Aberdeen, and was over yesterday shaking hands with his many Maysville friends. He has a position in the Government Printing Office, and is off on a ten days leave of absence.

## For the Farmer.

The hemp crop of Garrard last season is estimated to have brought not less than \$40,000 to the growers.

Lancaster Record: "The lambs this spring promise to be the earliest for market and also the best for many years."

Rev. T. C. Stackhouse, of Fayette County, has one brood mare which cost him \$125 ten years ago, and from which he has realized \$7,000 for her produce since that time.

A prominent Clark County farmer, who has given the matter a practical test, says there is more money in five acres of a well cultivated apple orchard than there is in twenty acres of tobacco.

Hon. Leslie Combs, of Fayette, will put out 480 acres of tobacco this season. One hundred acres of onions would bring in more money with less expense in raising them, says the Winchester Democrat.

NOTWITHSTANDING the inclement weather there was a fair audience and an excellent service last night at the Methodist Episcopal Church. There have been thirty-two accessions and eleven renewals, or a total of forty-three additions to the church since Monday. Service to-night begins at 7:30. All will be welcome. D. P. HOLT, Pastor.

MADLINE MERLI will present her new European production, "The Story of a Kiss," on next Saturday evening at the opera house. The play is radically different from anything ever attempted by Miss Merli. In the first act there is an opportunity for intense work, the development of the character she assumes being done mostly by facial expression instead of by the lines of the part. The plot is intensely interesting, almost morbidly so, and the moral a strong one, say an exchange. The company is specially engaged for the parts assumed.

When Baby was sick, we gave her Castoria.  
 When she was a Child, she cried for Castoria.  
 When she became Miss, she clung to Castoria.  
 When she had Children, she gave them Castoria.

REVIVAL services in the First Presbyterian Church to-night at the usual hour for public worship.

## THOUSANDS TESTIFY,

So will you, that  
**"El Racimo" Cigars**  
 Have no equal for 5 cents. Ask your dealer for them.

# HANDKERCHIEFS

Are the attractive staples in which we now offer bargains. You must have Handkerchiefs. They are civilization's necessity, and pretty, dainty ones are a badge of womanly refinement.

Beautiful Linen Handkerchiefs, handsomely Embroidered, with Scalloped or Hemstitched edges, only 15 cents each.

These goods we have never sold under 25 cents. Unbelieving Thomases, we solicit your inspection.

Our Laces would tempt the economy of a miser, and they are just what the matrons, bachelor girls and buds must have for summer conquests. Our stock embraces Point de Venice, Burges, Point d'Esprit, Bourdon, Valenciennes, Chantilly, Irish Point, Spanish Guipure, in match Laces and Insertings at a yard, 15c. up. This is a Lace season, and a larger selection than we offer would be hard to find. Come early, before choice is taken.

# D. HUNT & SON.

for Infants and Children.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me." H. A. ARCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"The use of 'Castoria' is so universal and its merits so well known that it seems a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach." CARLOS MARTIN, D. D., New York City.

Castoria cures Colic, Constipation, Sour Stomach, Diarrhoea, Eructation, Kills Worms, gives sleep, and promotes digestion, Without injurious medication.

"For several years I have recommended your 'Castoria,' and shall always continue to do so as it has invariably produced beneficial results." EDWIN F. PARDEE, M. D., 125th Street and 7th Ave., New York City.

THE CENTAUR COMPANY, 77 MURRAY STREET, NEW YORK CITY.

## AS USUAL, WE LEAD THE PROCESSION!

Our competitors marvel our success. The people know where they can get nice goods at a low price.

Strawberries, Large Pineapples, Long green Cucumbers, New Beets, Large, Ripe Tomatoes, Fresh Radishes, Home-grown Lettuce, Spring Onions, New Cabbage, Florida Oranges, Fancy Lemons, Jumbo Bananas, French Peas, Mushrooms, Olives, Celery Sauce, Canned Celery, Salad Dressing, Crystallized Pie Preparation.

## SALE OF HORSES.

### Colonel Baldwin Gets a Fancy Price For His Fast Team—Fine Stallion Cyclayone Sold

Colonel W. W. Baldwin sold his fine team of matched bay horses yesterday to Mr. Eli Kendig, Jr., of Philadelphia, for the fancy price of \$1,000. He says he concluded a week or so ago when he was taxed \$10 for fast driving that they were too speedy for Maysville, and wrote to Mr. Kendig to come on if he wanted them. The Colonel got a handsome sum for his horses, and Mr. Kendig certainly got a handsome team as ever went out of Maysville.

Colonel Baldwin also sold two or three other horses to Mr. Kendig at good figures.

Mose Daulton & Bro. report the following sales: To L. C. Lewis, Chicago, their fine trotting-bred, coach stallion Cyclayone by Cyclone, 1,956, record 2:23, sire of Dr. Sparks 2:12, Gillette, 2:11, Annorene 2:15 and others in 2:30 or better. Dam by Mambrunello 2:21, sire of Tony Britton 2:26, Sadie Howe 2:26 and dam of Cleveland 2:28, etc. Cyclayone is a beautiful bay with black points, heavy mane and tail, sixteen hands one inch high, powerfully built, of even conformation; has had no training but can trot a 2:50 gate and with a season's work will no doubt take a mark below 2:30. He is kind and gentle in disposition, and any one can handle him. His oldest colts are three years old and are a fine lot of individuals. None of them have been trained, but show great speed and action in the field. His weanlings are equally as good a lot, several of them being premium winners at fairs, and will compare with the get of any horse in the State. The price paid was private, but is known to be over \$1,000.

To Eli Kendig, of Philadelphia, one sorrel mare, (standard and registered) by Meredith, son of Hambleton 10, dam by Kentucky Prince, Jr., 3,139, sire of J. Q. 2:17, Lemonade 2:27, and others.

To same, one bay mare, five years old, by enterprise, son of Red Wilkes. Dam untraced.

Messrs. Alexander & Best sold to Mr. Kendig one pair handsome matched brown geldings, five years old, for a nice price.

## WORK OF THE WIND.

### The Old Brick Warehouse at Second and Short Badly Damaged Wednesday Afternoon.

The wind storm yesterday afternoon about 4 o'clock badly wrecked the old two-story brick warehouse on the south east corner of Second and Short streets. The roof was lifted off and carried nearly across Short street, and the upper part of the walls was blown over.

A portion of the east wall fell on the small frame dwelling adjoining the warehouse, badly damaging the roof. It is occupied by a family named Means, and Mrs. Means was struck on the head and painfully hurt. Her injuries are not serious, however.

The warehouse belongs to Mr. John Zweigart, and is an old building. The frame is the property of the Gable Bros. Workmen are engaged in clearing away the wreckage.

No other damage by the storm has been reported.

## The City Had No Title.

The long controversy between the C. and O. road and the city of Covington for the possession of Thirteenth street was decided Monday against the city. The railroad company took possession of the street and was indicted for it. The case was called one day, and while the company was not represented a jury was sent out, and they imposed a fine of \$10,000. The verdict was in the nature of a surprise, and after some legal sparring it was set aside. The case came up again Monday and the indictment was dismissed. The city did not show that the dedication had been made, and if it was the city never utilized the ground for street purposes.

## All Free.

Those who have used Dr. King's New Discovery know its value, and those who have not, have now the opportunity to try it free. Call on your druggist and get a trial bottle, free. Send your name and address to H. E. Bucklen & Co., Chicago, and get a sample box of Dr. King's New Life Pills, free, as well as a copy of Guide to Health and Household Instructor, free. All of which is guaranteed to do you good and costs you nothing, at J. J. Wood's drug store.

## Sudden Death.

Mr. John Franklin, aged about fifty-six years, died suddenly yesterday morning at 8 o'clock at his home in Aberdeen. He was on the street on Tuesday apparently in good health. His remains will be interred in Charter Oak Cemetery below Aberdeen this afternoon at 2 o'clock. He was a member of the G. A. R.

BORN last night, to the wife of Mr. Charles Smith of Limestone street, a son.

Fire, cyclone and tobacco in barns, insured in reliable companies by D. M. Runyon.

The revival in the Second Presbyterian Church at Paris has resulted in twelve additions.

May 24th is the date of the Ripley High School commencement. About thirteen graduates.

Colonel Breckinridge will open his campaign for re-election to Congress May 5th at Lexington.

The Women's Union Prayer Meeting will be held at the Central Presbyterian Church to-morrow at 3:30 p. m.

Thomas Conroy has sued the C. and O. at Cincinnati for \$10,000 damages, for injuries received while loading freight.

Judge Jas. D. Jones, of Carter County, is an aspirant for the Republican Congressional nomination in this district.

Col. W. J. Worthington, of Greenup, is being boomed by his friends for the Republican nomination for Lieutenant Governor.

The Ripley School Board has been reorganized with J. C. Shoemaker President, T. J. White Secretary and Jesse Bloom Treasurer.

Any one having a copy of the WEEKLY BULLETIN of March 22 will confer a favor by sending it to this office. It is needed to complete our files.

The gross earnings of the C. and O. for the first week of April were \$162,352.96, against \$206,489.04 for the corresponding week of last year. Decrease, \$44,136.08.

The prayer meeting at the Christian Church to-night will be held in the auditorium instead of in the chapel. The ordinance of baptism will be administered at the close of the service. The public invited.

Mr. Lewis K. Parry has sold his farm, two miles south of Washington, to Messrs. Patrick Tierney and John Mitchell. Mr. Tierney gets eighty acres at \$110 per acre and Mr. Mitchell eleven and one-third acres at \$100 per acre.

Don't fail call at Murphy's, the jeweler, and learn prices on his fine stock of ladies' and gentlemen's gold watches. Prices guaranteed lower than any other house. His stock is the largest in the city. Successor to Hopper & Murphy.

Mrs. Celia C. Wesley, of Ashland, has sued the Ironton and Petersburg Street Railway Company for \$25,000 damages for injuries received last October. A car in which she was riding jumped the track and she was crippled for life.

Miss Grace Harding met with a very painful accident yesterday afternoon at the home of her parents in the Sixth ward. While cleaning a window the support on which she was standing tilted over, and in falling her left hand was thrust through the glass, the broken glass severing the arteries at the wrist and making an ugly wound. Dr. Yazell was summoned and dressed the injuries.

## SUICIDE AT AUGUSTA.

### John Ammer, One of the Town's Respected Citizens, Ends His Life With Chloroform.

John Ammer died Wednesday morning at 6 o'clock at his home in Augusta from the effects of an overdose of chloroform, taken Tuesday with suicidal intent.

He was sixty-four years old, and had been in business at Augusta for thirty-five years. He leaves a wife and several grown up children, his two sons being his partners in the shoe business. He was a highly respected citizen.

He left a letter addressed to Judge Reese, but it had not been opened at last accounts.

GEO. W. SULZER, law, fire insurance.

## CALLED SUDDENLY.

### Mrs. A. E. Cole's Many Friends Shocked This Morning by the News of Her Death.

Mrs. A. E. Cole died very suddenly at 12 o'clock last night, at the family residence on the northwest corner of Limestone and Fourth streets.

The sad news coming so unexpectedly was a severe shock to her many friends. She had been troubled somewhat for years with disease of the heart, but her last illness dates back only a few days. At midnight last night, the final summons came, and the loved wife and mother was taken from the family circle.

Abigail Thirza Cole was a daughter of Joseph Troop, and was forty-eight years of age. She was a niece of Mrs. Judge Stanton, formerly of this city, and was a woman who enjoyed the love and esteem of her many friends and acquaintances. Her husband, Judge A. E. Cole, survives, and she leaves three children, all sons.

The funeral arrangements have not been announced, except that the services will be conducted by Rev. T. W. Watts, pastor of the M. E. Church, South, of which church deceased had been a devout member for years.

Hon. R. A. Cochran is having a concrete pavement put down in front of his residence on Third street.

The Degree Team of Limestone Lodge No. 36, K. of P., will meet at Castle Hall to-night for practice. A full attendance desired.

At Huntington, W. Va., Thomas Sowards for stealing brass from the C. and O. railroad, was sent to the penitentiary for two years.

A statistician has discovered that only 55 per cent. of blondes marry, while 79 per cent. of their brunette sisters embark in matrimony.

Lost—Tuesday evening in the neighborhood of my residence, a gold bracelet. Return to me and receive reward.

J. BARBOUR RUSSELL.

The friends of Mrs. C. F. Easum will be glad to learn that her health is improving. She is at the Woman's Surgical Hospital, Cincinnati, receiving treatment.

The services at the M. E. Church, South, last night were unusually interesting. Four applications for membership were received. There will be services at 7:15 this evening. Subject of the Bible reading, "Feeling and Work."

When you start out to buy a watch, a clock, silverware or anything in the jewelry line you will make a mistake if you fail to call on Ballenger. His stock is the most complete to be found in this city, and goods are sold on a guarantee.

Mr. Charles Wetzel, the oil dealer who was injured in a runaway a few days ago, is improving. He asks the BULLETIN to say to his customers that he will resume business next Monday and will fill all orders on and after that date.

The books of the People's Building Association are now open for subscription to stock in the fourth series, commencing Saturday, May 5th, 1894. Call on Robt. L. Baldwin, Secretary, Jno. Duley, Treasurer, C. L. Sallee, Attorney, or any of the directors.

The trustees of the colored public school of Flemingsburg have filed suit against that city for about \$1,480, which amount they claim is due them according to the law which provides that all fines against colored people shall go the colored school.

Rev. John G. Anderson, of Millersburg, preached a very fine and impressive sermon at the Central Presbyterian Church last night. He will preach to-night at 7:15. Song service at 7. All invited and made welcome.

W. O. COCHRANE, Pastor.

On the New River Division of the C. and O. six miles of new rails, weighing 100 pounds to the yard, are to be laid. The standard rail put down on the C. and O. has heretofore weighed seventy-five pounds to the yard, but hereafter as new rails are to be put down the 100-pound rail will be used.

Have you seen those beautiful banquet and boudoir lamps at Murphy's, the jeweler? If not call and see them, they are surprisingly cheap. He also has a beautiful line of gilt tables with onyx tops, also a fine line of gilt and silver tables. He has also received some of the most exquisite pieces in sterling silver ever shown here.

By careful analysis made by a German chemist it was found that grits made from peanuts have greater nutritive qualities than new milk, cheese, butter, veal, beef, peas, lentils, potatoes, flour or rice. Peanuts, incredible as it may seem, are the most nutritious by all odds of any article in this list of staple food materials, and as sold in Germany is a great deal cheaper than any of them.

# CORSETS!

THE LARGEST LINE IN THE CITY.

Fifty cent Corsets, in Black, Grey and White. Twenty styles at \$1, including all the best makes, such as Ball's, Warner's, Loomer's, H. & S., J. B. and other well-known brands in White, Black and Drab.

Our Line of Ladies', Misses' and Childrens' Hosiery

For Spring is complete. If you have never used our celebrated Ethiopian Dye, try one pair and you will be convinced they are the best in the market. Every pair is guaranteed fast and stainless. A new line of Ladies' CAPES and JACKETS for Spring, from \$2.50 to \$10. Sun Umbrellas in Gloria and all Silk from \$1 to \$5. A beautiful line of Fancy Parasols. See them.

DURST & McMULLEN, PAINTING,

Graining, Glazing and Paper-Hanging

A specialty. All work guaranteed. Give us a call. Shop—107 Sutton street, between Front and Second.

HOUSE AND SENATE.  
Proceedings of Both Branches of the National Legislature.

WASHINGTON, April 19.—The house devoted the entire day to debate on the consular and diplomatic appropriation bill. It touched a wide variety of subjects, and at times was brimful of interesting personalities. The Hawaiian policy of the present administration came in for a good share of attention. The appointment of Mr. Van Alen as minister to Italy provoked a very extended discussion. It was held up to ridicule by the Republicans, who intimated that it was a direct reward for his \$50,000 contribution to the Democratic campaign fund. The Democrats in defending the appointment tried to counter on the Harrison administration by detailing the history of the \$400,000 campaign fund raised by ex-Postmaster General Wanamaker.

Later in the day Mr. Wise took up the authorities of quorum counting as a parliamentary anti-filibustering expedient, and quoted from the record to show that the first proposition in this line had been offered by J. Randolph Tucker, a Virginia Democrat, in 1880, when it had been vigorously opposed by Mr. Reed. Mr. Walker of Massachusetts met this attack on the ex-speaker's fame by shrieking out before the house the record of the Democratic opposition to the quorum counting rule in the Fifty-first congress, Speaker Crisp leading the opposition.

Mr. Grosvenor (Rep., O.) concluded the debate for the day with some remarks about the manner in which the Wilson bill had been battered beyond recognition in the senate. The free raw materials theory incorporated in the house bill had been abandoned. The trusts of the country had amended it in the senate, and unless the Democrats of the house accepted it as it was changed, the bill was dead beyond the hope of resuscitation.

When Mr. Grosvenor finished the committee rose and the house, at 4:40, adjourned.

Senate.

Arising to a question of privilege, Senator Caffery of Louisiana denied that, as alleged by the New York Evening Post, he was an obstructionist and not in harmony with his party. He should, he said, actively support and vote for the tariff bill as amended by the senate finance committee.

The bill authorizing the erection of a steel bridge across the St. Louis river between Minnesota and Wisconsin was passed.

Commander F. W. Dickens, U. S. N., who attended the Duke of Veragua as the representative of this nation when that nobleman visited the world's fair last year, was granted permission to accept the decoration of the Cross of Naval merit of the third class from the King of Spain.

Senator Pepper's resolution for a select committee to receive petitions from Coxeyites went over for the day.

Senator Gallinger of New Hampshire gave notice that he would speak on the tariff next Friday and Senator Palmer that he would speak on Tuesday next.

The venerable Senator Morrill of Vermont, who recently celebrated his 84th birthday, and is the nestor of the senate, was recognized, and during his remarks was accorded more respectful attention than has fallen to the lot of most of the speakers on the tariff question.

**GAS MOTORS FOR STRETCARS.**  
Our Consul General at Frankfurt Says They Are Just the Thing.

WASHINGTON, April 19.—The coming motor for the propulsion of streetcars will be gas, according to the report of United States Consul General Mason at Frankfurt, Germany. He shows that while the Germans have not built nearly as much street railway and cable and trolley roads as we have, they have investigated the subject of an ideal motive power with their usual thoroughness, and as the result of exhaustive experiments have determined that the gas motor is the cheapest and best of all means of power propulsion. The trend of the best expert opinion is in that direction, and this has come at a period when electricity seemed to be on the point of replacing and superseding all other forms of motive power.

The report tells of the great expense of the cable in construction, the noise and danger of the trolley, and of the high operating cost and unreliability of under ground electric system and then coming back to the gas motor he describes experiments that have been made with it in Europe. Practical trials have been made at Neufchatel, Switzerland, and Dresden and the results in both cases, while perhaps not wholly conclusive, have been so favorable as to be worthy of examination. The Neufchatel cars cost \$2,856 each, pass 100 foot currents, run backward or forward, and with 7.9 horsepower traverse any part of the line, which is 40 feet higher at the midway point than at the ends, at the speed of 11 miles an hour.

Gas compressed to six atmospheres is furnished by the city gas company at \$1.09 per 1,000 feet, and it is found that under such conditions the cost of gas for the round trip—six and a half miles—is 19.3 cents, or about 1 cent per passenger for a filled car (20 passengers), or half a cent for the single run. This brings the net operating expenses per passenger so far below the cost of electricity, horsepower, steam or compressed air that, although the experiment is still new, the problem is thought to be solved in favor of gas for all similar roads.

Touching the cost of construction the consul general quotes results at Dresden of experiments with electrical and gas motors and horse cars as follows: For a five-mile double track road, 20 cars, all wires, horses, motors and equipment included—Electrical, \$180,880; gas motor, \$142,800; horse cars, \$138,280. Net operating expenses—Horse cars, 5 1/2 to 7 cents per kilometre; electric, 5 cents; gas motors, 4 cents; an economy of 25 per cent in favor of gas motors as against electricity.

Arrested as a Spy.

MONACO, April 19.—General Goggio of the Italian army has been arrested at Laturbie, charged with being a spy. General Goggio is said to have been watching the maneuvers of the French Alpine troops. Damaging documents, according to reports, were found in the general's possession.

THE CROP OUTLOOK.

The March Freeze Retarded All Vegetation—Weekly Report of Kentucky Weather Bureau.

The weather conditions of the past week were not of a favorable nature for the growth of crops and the progress of farm work. With the exception of the last two days, cloudy weather, cool and even frosty nights have been the prevailing characteristics. Very heavy rains were general on the 10th, and these were followed by scattered showers upon several subsequent days. The combined effect of these conditions was to keep all vegetation at nearly a standstill, there being practically no advance or retrogression. A continuance of the favorable conditions of Sunday and Monday, will however, quickly stimulate it to a rapid growth. The present state of all crops is very backward, and it is estimated that their condition is fully two weeks behind the average for this season of the year. The soil was so dampened by the frequent rains, that the work of plowing for corn and replanting the crops which had been killed by the March freeze, has been greatly retarded. This is regarded as being quite serious by the farmers, as the season is now so far advanced that further delay of this work is considered detrimental to the future prospects of some crops.

Reports received from all sections of the State in regard to wheat are practically agreed that no material damage to it resulted from the freeze. It is true that it is making very slow progress, but while it is short for the season, it has a very healthy appearance, and there is no reason to think, that with favorable weather conditions, it will not be fully up to the average stage very soon.

Reports relative to the extent of the injury to tobacco are very conflicting, but from a careful estimate, it is not thought that the damage is so great as was at first supposed. Many beds were killed, but others which were protected survived the effects of the frost and are now in very good condition. Some of the plants in beds resown immediately after the freeze are now above ground, and will be large enough to plant when the setting season arrives.

Corn planting has made but little progress during the week, though a great deal of ground has been prepared for the crop, a large portion of which will be planted during the coming week. The little which had been sown was killed and the ground is being replanted in such cases.

The reports received in regard to oats and clover show that the condition of these crops is very poor, and the outlook for a good yield very discouraging.

Pastures and meadow have revived somewhat, but they are not yet in the best condition.

The reports regarding fruit are somewhat more encouraging than those previously received. Peaches suffered the most serious damage and many young trees were killed. A number of correspondents report that there is a prospect for a fair crop of cherries, pears, apples and strawberries. Later reports will probably show a still further improvement than that noted this week.

Lost—Tuesday evening in the neighborhood of my residence, a gold bracelet. Return to me and receive reward.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

It Removes Dandruff,  
Cleans the Scalp,  
Restores the  
Hair,  
Cures Eczema.

**Mark Twain Financially Embarrassed.**  
NEW YORK, April 19.—Samuel L. Clemens (Mark Twain) and Frederick J. Hall, doing business under the name of Charles L. Webster & Company, booksellers and publishers, made an assignment yesterday for the benefit of their creditors.

Overhead Wire Nuisance.

St. Louis, April 19.—One fireman of this city's department was killed yesterday, one fatally and another seriously injured as a result of the overhead wire nuisance. Responding to an alarm of fire the men became entangled in wires which had melted by the heat of the flames and fallen to the ground. The men stepped on the wire while directing a stream. William Cannon was killed and Tom Dolan, the old ball player and former catcher for the St. Louis Browns, fatally injured. Ben Shiveley was badly burned.

Killed by Would-Be Robbers.

SYDNEY, April 19.—Two masked robbers entered the Commercial bank of Barraba in the Darling district and summoned the manager, Mr. Mackay, to deliver up the money contained in the safe. Mr. Mackay refused and was shot dead. The murderers escaped.

Village Destroyed by Fire.

HUNTSVILLE, Ont., April 19.—A hotel, gristmill and 32 business places, also the Episcopal church, telegraph and telephone office, postoffice and the steamer Excelsior, were burned yesterday afternoon. The loss is estimated at about \$120,000; insurance about \$40,000.

WE CUT RIGHT NOW
